

Level 4-I can use density to explain the layers of the earth, atmosphere or explain convection currents.	Not Yet	Almost	Got It!
--	---------	--------	---------

You choose how you would like to present.

- Make a comic
- Develop characters and make a picture book.
- A newspaper with articles and you are the reporter.
- Design a presentation to share with the class.
- You can design a web page.
- Design an App
- Create a science activity
- Got an Idea, go with it!

General guidelines.

Got It	Cite a source and include a bibliography. Be prepared for oral questions from your peers and teacher, which you should be able to fluently answer. You should have additional examples that you can discuss.
